AKSHAT GUPTA

Risk & Controls | Internal Audit Support | Compliance & Data Analysis
akshat242001@gmail.com | +91 8141046582 | Vadodara, Gujarat | LinkedIn | github.com/gupta-akshat24

PROFESSIONAL SUMMARY

Finds the control gap, documents the evidence, and drives the remediation. Across 14 months in commercial banking, executed AML/KYC controls over a 200+ entity portfolio at 90% first-time-right while leading a team of 5, and independently ran risk assessments against ISO 27001:2022, NIST 800-53 and DPDPA — producing risk registers, CVSS-scored findings and a sample DPIA. B.Tech and MBA, with SQL, Python and Power BI.

WORK EXPERIENCE

Axis Bank — Deputy Manager, Commercial Banking Coverage Jun 2025 – Aug 2026
Vadodara, Gujarat

- Executed **AML, KYC and enhanced due diligence controls** across a 200+ entity corporate portfolio, rigorously validating ownership structures, corporate records and information integrity before onboarding
- Achieved **90% first-time-right onboarding** by performing **exception management and control validation** on documentation pre-submission, materially reducing downstream rework and regulatory pendency
- Led a **team of 5 across 4 branches**, instituting a documented **periodic review routine** with defined escalation triggers that cleared every Re-KYC, AML and trade-finance deadline on schedule
- Identified **control deficiencies and regulatory pendency** through systematic MIS and exception report review, performing **root cause analysis** and translating findings into remediation actions with Digital, Risk, Compliance and Trade Finance teams
- Reduced onboarding turnaround **15–20%** by conducting **end-to-end process walkthroughs**, mapping control flows, and closing handoff gaps across four functions

GCMMF (Amul) — Retail Performance Analytics, Intern Apr – May 2024
Anand, Gujarat

- Audited **34 outlets** against operational, inventory and compliance controls, documenting control gaps and practical remediation actions for senior management

NRSC (ISRO) — Interactive Robot Development, Intern Jan – May 2023
Hyderabad, Telangana

- Designed and executed a **self-devised testing methodology** across the full system stack — defining test cases per subsystem, validating integrated behaviour against specification, and documenting defects and resolutions before sign-off
- Enforced **information disclosure controls** on an OpenAI-based query system in a secure government research facility, scoping responses to approved content with graceful fallback to prevent unauthorised disclosure

RISK & CONTROLS PROJECTS

Information Security Risk Assessment — ISO 27001:2022 Oct 2024 – Feb 2025

- Assessed institutional IT infrastructure against **ISO 27001:2022 controls**, ran vulnerability scans across 3 web domains, and built a **risk and control register** documenting threats, control gaps, **CVSS-scored severity** and prioritised mitigation

Control Failure Analysis — NIST 800-53 (Accellion Breach) Aug 2024 – Dec 2024

- Reconstructed the Accellion FTA breach against **NIST 800-53 controls**, pinpointing **control failures in vendor risk management and access monitoring**, and built a governance framework covering asset management and incident response

Privacy & AI Compliance Assessment — DPDPA Jun 2026

- Evaluated a fintech's privacy policy and AI data practices against **DPDPA requirements**, producing a sample **DPIA and privacy risk register** with prioritised control recommendations

Regulatory Knowledge Retrieval System (Self-Built) 2026

- Architected a **retrieval pipeline over banking and regulatory documents** (LlamaIndex, Pinecone, OpenAI), tuning accuracy and **enforcing source citation so every output was independently verifiable** — cutting lookup time 70%

EDUCATION

T. A. Pai Management Institute (TAPMI) — Manipal, India Jun 2023 – Apr 2025
Master of Business Administration (MBA) - Marketing and Information Technology (AACSB, AMBA Accredited)

Birla Vishvakarma Mahavidyalaya — Vallabh Vidyanagar, India Jul 2019 – Jun 2023
Bachelor of Technology (B.Tech) - Electronics and Communication Engineering (GPA 8.72, Rank 3/150)

SKILLS

Risk & Controls: Risk Assessment, Risk & Control Matrix (RACM), Control Testing & Validation, Process Walkthroughs, Inherent and Residual Risk Analysis, Risk Registers, Control Gap Identification, Root Cause Analysis, Remediation Tracking, ISO 27001:2022, NIST 800-53, ITGC, DPIA

Compliance: AML, KYC and Enhanced Due Diligence, Financial Crime Controls, Regulatory Reporting, RBI and PMLA Requirements, DPDPA, Exception Management, Audit Documentation

Data & Analysis: SQL, Python, Power BI, Advanced Excel, Power Query, Data Validation and Reconciliation, Trend and Anomaly Analysis

Documentation: Test Documentation, Control Flow Mapping, BRD/FRD, Governance Materials, Executive Reporting, Cross-Functional Collaboration

CERTIFICATIONS

GenAI Governance & Policy | ISO 27001 Fundamentals | NIST Cybersecurity Frameworks | SQL | Python | Power BI
